Dear Mr. Medieros:

This letter is to advise you that EPA has completed its review of Pacific Gas and Electric Company's (PG&E's) September 4, 2015 letter containing responses to EPA's comments on the following four deliverables:

A) April 2015 Monthly Report; B) Updated Evaluation of the Annual Pressure-Temperature Relationship; C) May FOT Report; and D) May 2015 Monthly Report.

EPA has also completed a review of the Second Quarterly Report dated July 27, 2015.

PG&E's responses to EPA's comments on deliverables A, B and D are acceptable. With regard to C) May FOT report, we are continuing to work with PG&E to resolve any outstanding issues.

The Second Quarterly Report contains limited additional information and the monthly reports for April, May and June 2015. EPA has no additional comments on this report.

Please contact me or Michele Dermer of my staff at (415) 972-3417 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "D-Albright".
